### What our clients say:

*"Integras Intelligence offers comprehensive security consulting and investigative support. They have supported us globally on numerous investigations, provided executive protection services and helped tremendously to create policies and procedures for our organization."*

— Global Security Director, Multinational Data Analytics Provider

*"We've been an Integras client for many years. The information they provide is a critical part of our decision-making process. Over the years, their findings have helped us negotiate more favorable deal terms and, in some cases, have uncovered issues that were deal killers. Integras is professional, responsive and fairly priced. I highly recommend them."*

— Managing Director, Private Equity Firm, New York, NY

*"We weren't sure it was worth pursuing a multi-million-dollar claim until we hired Integras to conduct an asset search. Based on their findings, we were able to proceed with confidence."*

— Managing Partner, New York, NY
